

Greetings from Global Initiatives Symposium (GIS) Taiwan!

This is the department of Global Partnership and Delegate Affairs of GIS Taiwan 2022. We are writing on behalf of GIS, to express our interest in establishing a long-term relationship with your organization.

GIS is a 5-day symposium organized by students and instructed by National Taiwan University. Each year, we gather scholars, entrepreneurs, and student delegates from around the world to discuss four chosen academic topics and devise practical solutions. Delegates will have the opportunity to interact with working professionals and build life-long friendships with fellow delegates. We aim to inspire change in the world by promoting interdisciplinary dialogues and diverse voices.

**Our reason for approaching you is to establish an exclusive partnership.** In this collaboration, we are offering the following:

- Delegate admission fee discount
- Promotions on our website / social media
- Traditional promotions like brochures or posters
- Other benefits (We are very open to discussions!)

Additionally, we wish to invite you to our info session for GIS 2022, which will be on Sep 11, 2021.

If you are interested, we would be delighted for you to join our information session on 9/11, 3 pm (GMT +8) via Google Meet. By joining our information session, you can expect:

- A guide through the five days of GIS
- A chance to interact with past delegate
- A referral code for 10% off the GIS conference admission fee
- A chance to win a HomePod mini and more (Visit our Facebook page for more information!)
- Mini-games and fun facts

The link for the information session is as follows:

<https://meet.google.com/zrw-ssuo-hrk>

Register to be notified when the session begins:

<https://forms.gle/VAzQguB5uas3dcpG6>

We genuinely believe that our organizations may benefit from each other in various aspects. We hope a collaboration can promote growth and diversity in our organizations. Thus, GIS Taiwan is looking forward to working with you.

We have attached our proposal to this email, containing detailed information. If you have any questions, please do not hesitate to contact us.

We eagerly await your response.

Best Regards,  
GIS Taiwan Organizing Committee
